### **1. Introduction**

This policy is written in line with the Expectations and Core practices of the UK Quality Code for Higher Education (Quality Code), which are mandatory for higher education providers in all parts of the UK.

This Policy aims to support UK higher education providers in meeting their responsibilities for the academic standards and quality of learning opportunities of the courses they offer and the credit and qualifications they award, within the context of their own mission, values and strategic objectives. Responsibility for setting and maintaining standards and quality lies with the degree-awarding body. This Policy is relevant to any delivery organisation(s) with which a provider may work. In addition to the responsibility for the quality of learning opportunities of the courses they offer, providers can use course design and development to facilitate a culture of innovation, creativity and continuous improvement through the creation of unique and market-attractive portfolios. It can be informed by feedback from a range of stakeholders/sources and developments. It can reflect multidisciplinary research, contemporary industry practice, pedagogical and technological advancements, and current affairs.

### **2. Context**

This policy outlines all categories of data relating to the College's HE provision that will be published for all relevant audiences:

- **Information for the public about the higher education provider**
- **Information for the public about the higher education provision**
- **Information for prospective students**
- **Information for current students**
- **Information for students on completion of their studies**
- **Information for those with responsibility for academic standards and quality**

### **3. Related policies and procedures and related documents**

- a) The College will publish a HE strategy document that describes our mission, values and overall strategy.
- b) The College will make available information about its higher education provision and awarding bodies.
- c) The College will describe the process for applications and it will be made available to all HE students as well as published on the VLE.
- d) The HE programme page on the VLE and HE Student Handbook page cover all programme info and what students can expect of the higher education provider.
- e) The HE Student Charter document is made available to all HE students at the start of the academic year and is published on the VLE HE Student Handbook page.
- f) When students leave their programme of study, the College issues them with a detailed record of their studies, which gives evidence to others and admission to the programme of study within the admissions policy and procedure.
- g) HE induction presentation provides and an overview of the course and modules as well as guidance on available support and resources for all HE students, to include policies and procedures that HE students should be aware of.
- h) The College makes available to prospective students information to help them select their programme with an understanding of the academic environment in which they will be studying and the support that will be made available to them. This information is available on the College website, HE course information pages, HE prospectus, UCAS, and UCAS Teacher Training.
- i) Information on the programme of study is made available to current students at the start of their programme and throughout their studies, to include programme and module specifications, programme and module handbooks and assessment of the students' achievement in their academic programme.
- j) A record of achievement is made available to all graduating students.
- k) The College sets out a framework for maintaining academic standards, quality assurance and enhancement on behalf of its awarding bodies and describes the data and information used to support this. It maintains records (by type and category) of all collaborative activity that is subject to a formal agreement. Academic standards regulations and quality assurance and enhancement policies and procedures are available to all staff and students and stakeholders and are reviewed regularly. All HE College policies and procedures are available on the VLE within HE Staff /Student Handbook Page.

**The process for ensuring appropriate content** of the website and other electronic information starts with an agreed template for the document (approved by awarding body for their awards or designed by the Head of HE for Higher National qualifications). Standard HE programme document templates are:

- New programme proposal
- Programme information sheet
- Programme specification
- Module specification
- Programme handbook
- Module handbook
- Assessment and moderation plan template
- Assessment brief template

Programme Leaders work with the curriculum team to produce all programme and module documents, provide programme and module content using the set templates, based on the awarding body programme standards, and submit documents for approval by the curriculum Head of School (programme delivery and programme content) and to the Head of HE for programme structure and completeness, and then to the Director of Marketing for final approval including all other cross College information.

The process for ensuring that appropriate HE programme information is up to date accurate and transparent, to include content of the website and other electronic information is presented consistently and accurately with identified responsibilities:
