

The City of Liverpool College University Centre

Student Transfer Arrangements

If you have changed your mind about your higher education course or even your place of study, please talk to us.

We can help you to transfer:

- within the City of Liverpool College University Centre, if you decide to change course or mode of study
- into the City of Liverpool College University Centre, if you are currently studying elsewhere. We recognise prior and experiential learning, so you may be able to transfer directly into an appropriate programme of study (subject to awarding body requirements)
- outside the College, if you decide that the City of Liverpool College University Centre is not the right place for you. We want to ensure that you make an appropriate choice for your next steps.

Our staff are here to help you understand your options and answer questions you may have about leaving the College.

Please call 0151 252 3000 for more information, or email enquiry@liv-coll.ac.uk
